

Securing our water, together.

NOTICE OF A COMMISSION WATER RESTRICTION

LEVEL 5 WATER RESTRICTION – RESIDENTIAL AND NON-RESIDENTIAL

April 2 2007

This Commission Water Restriction Notice is issued by the Queensland Water Commission (“**Commission**”) pursuant to section 360ZE of the *Water Act 2000*. The Commission considers this is necessary because it believes there is a significant threat to sustainable and secure water supply in the SEQ region because of extended severe drought conditions.

The Commission notifies that pursuant to section 360ZD of the *Water Act 2000*, this Commission Water Restriction will apply to the following categories of water use being:

1. Residential water use;
2. Non-Residential water use; and
3. Residential and Non-Residential water use,

as set out in **Schedule I** of this Notice;

This Commission Water Restriction Notice will take effect on and from **10 April 2007**. **Schedule 2** defines particular words that are used in this Commission Water Restriction Notice.

This Commission Water Restriction will apply to the local government areas of the following local governments within the SEQ region being:

- Beaudesert Shire Council;
- Brisbane City Council;
- Caboolture Shire Council;
- Council of the Shire of Esk ;
- Gatton Shire Council;
- Gold Coast City Council;
- Ipswich City Council;
- Kilcoy Shire Council;
- Laidley Shire Council;
- Logan City Council;
- Pine Rivers Shire Council; and
- Redcliffe City Council.

For these local government areas, while this Commission Water Restriction is in force, it is to be the only Restriction in force for the matters that are described in **Schedule I** of this Commission Water Restriction Notice and any service provider water restriction will not apply to such matters unless the Commission has expressly notified that a particular service provider water restriction continues in force.

This Commission Water Restriction does not apply to reasonable actions taken to prevent material risks associated with an accident, fire or hazard to health, safety or the environment.

Elizabeth Nosworthy

Schedule 1 – Commission Water Restrictions	4
1 High Volume Water Users	4
2 Gardens and Lawns	7
3 Pools and Water Play	9
4 Vehicle Washing	13
5 General Cleaning	15
6 Building Washing	16
7 Animal and Pet Care	17
8 Building, Construction and Development	18
9 Active Playing Surfaces (Sport, Recreation and Child Care)	19
10 Commercial Produce and Production	21
11 Building Water Use Efficiencies	22
12 Parks and Reserves	25
13 Water Features and Water Storage	26
Schedule 2 – Definitions	27

SCHEDULE I

I. High Volume Water Users

Restrictions on Residential Water Use

Category of Water Use	Water Restriction
<p>I.1 Residential Premises</p> <p>Notified premises where consumption is 800 litres/day or greater.</p>	<p>For such premises:</p> <ul style="list-style-type: none"> a) with an average daily metered water consumption of 800 litres or greater for the billing period immediately prior to 30 April 2007 or for any billing period after that date; and b) where the customer has received a notice from the service provider requiring the occupier of the premises (whether or not the customer is the occupier) to prepare and submit a Water Use Assessment Form to the service provider by a specified date; and c) the occupier of the premises fails to prepare and submit the Water Use Assessment Form to the service provider by the specified date; <p>then water from the reticulated (town) supply system is not permitted to be used in any outdoor area of the premises. This Restriction continues until the Water Use Assessment Form has been prepared and submitted by the occupier of the premises to the service provider.</p>

Restrictions on Non-Residential Water Use

Category of Water Use	Water Restriction
<p>I.2 Non-Residential Premises</p> <p>Where consumption is 20 ML/year or greater.</p>	<p>After 30 April 2007, on such premises with:</p> <ul style="list-style-type: none"> a) an actual annual metered water consumption of 20 ML or greater for the period 1 July 2005 to 30 June 2006; or b) an actual annual metered water consumption of 20 ML or greater based on the most recent four quarterly rating periods or, the last 12 month rating period (as applicable); or c) an estimated annual consumption for the premises based on an extrapolation of the water consumption as set out in the available quarterly rating periods that is 20 ML or greater; <p style="text-align: right;">(continued...)</p>

Category of Water Use	Water Restriction
<p>1.2 Non-Residential Premises</p> <p>Where consumption is 20 ML/year or greater.</p> <p>(Continued)</p>	<p>the water from the reticulated (town) supply system is not permitted to be used except where:</p> <ul style="list-style-type: none"> i) a customer has achieved either quarterly or annually (depending on the relevant applicable rating periods) a 25% reduction in water consumption on the premises as compared to the customer's average quarterly level of consumption or the annual metered consumption during the period 1 July 2004 to 30 June 2005 and: <ul style="list-style-type: none"> A) by or before 30 April 2007 the customer demonstrates to the satisfaction of the service provider that it has achieved the 25% reduction; B) the customer continues to achieve the 25% reduction after 30 April 2007; and C) the customer submits a WEMP to the service provider by 30 June 2007; or ii) the water is used on the premises in accordance with a WEMP that has, prior to 30 April 2007, been submitted to the service provider responsible for the relevant local government area for approval; or iii) the service provider has, after considering the Evaluation Criteria, granted written approval to the entity operating the premises to: <ul style="list-style-type: none"> A) submit a WEMP after 30 April 2007; or B) comply with a specific measure in this Restriction by a specific date that is after 30 April 2007; or iv) the water is used on the premises in accordance with an approved WEMP or an approved water efficiency management plan.
<p>1.3 Non-Residential Premises</p> <p>Where consumption is greater than 10 ML/year and less than 20 ML/year.</p>	<p>After 31 July 2007, on such premises with:</p> <ul style="list-style-type: none"> a) an actual annual metered water consumption of greater than 10 ML and less than 20 ML for the period 1 July 2005 to 30 June 2006; or b) an actual annual metered water consumption of greater than 10 ML and less than 20 ML based on the most recent four quarterly rating periods or, the last 12 month rating period (as applicable); or c) an estimated annual consumption for the premises based on an extrapolation of the water consumption as set out in the available quarterly rating periods that is greater than 10 ML and less than 20 ML; <p style="text-align: right;">(continued...)</p>

Category of Water Use	Water Restriction
<p>1.3 Non-Residential Premises</p> <p>Where consumption is greater than 10 ML/year and less than 20 ML/year.</p> <p>(Continued)</p>	<p>the water from the reticulated (town) supply system is not permitted to be used except where:</p> <ul style="list-style-type: none"> i) the water is used on the premises in accordance with a WEMP that has, prior to 31 July 2007, been submitted to the service provider responsible for the relevant local government area for approval; or ii) the service provider has, after considering the Evaluation Criteria, granted written approval to the entity operating the premises to: <ul style="list-style-type: none"> A) submit a WEMP after 31 July 2007; or B) comply with a specific measure in this Restriction by a specific date that is after 31 July 2007; or iii) the water is used on the premises in accordance with an approved WEMP or an approved water efficiency management plan.

2. Gardens and Lawns

Restrictions on Residential and Non-Residential Water Use

Category of Water Use	Water Restriction
2.1 Residential and Non-Residential Premises	For such premises, water from the reticulated (town) supply system is not permitted to be used for the watering of established lawns by any means.
Established gardens and lawns.	<p>For such premises, water from the reticulated (town) supply system is not permitted to be used for the watering of established gardens except where the watering is performed at the following times with a bucket or watering can or by another approved watering device:</p> <p>For ODD numbered premises: Tuesday, Thursday and Saturday between 4:00 pm and 7:00 pm.</p> <p>For EVEN numbered and unnumbered premises: Wednesday, Friday and Sunday between 4:00 pm and 7:00 pm.</p> <p>Residents Eligible for a Concession</p> <p>Where:</p> <ul style="list-style-type: none"> a) a resident of Residential Premises; or b) a permanent resident of a Retirement Village¹ cares for a specific area of the established gardens on the premises that is connected with that resident's dwelling; <p>then a limited concession under this Restriction on the use of a hand held hose applies for such residents who:</p> <ul style="list-style-type: none"> i) are 70 years of age or over; or ii) are receiving a CentreLink Disability Support Pension or holding a Queensland Transport Disabled Parking Certificate, regardless of age; or iii) are able to provide other evidence, such as a medical certificate or letter from a general practitioner, that they have a medical condition or disability that prevents them from using a bucket or watering can to water the garden areas. <p style="text-align: right;">(continued...)</p>

¹ A Retirement Village falls within the definition of Non-Residential Premises.

Category of Water Use	Water Restriction
<p>2.1 Residential and Non-Residential Premises</p> <p>Established gardens and lawns.</p> <p>(Continued)</p>	<p>Residents to whom this concession applies will be permitted to use a hand held hose to water the garden areas (not lawns) for 40 minutes per week in two 20 minute periods as follows:</p> <p>For ODD numbered premises between the hours of 4:00 pm and 4:20 pm on Tuesday and Saturday.</p> <p>For EVEN or un-numbered premises between the hours of 4:00 pm and 4:20 pm on Wednesday and Sunday.</p> <p>This concession is not transferable to another person.</p> <p>Residents seeking to utilise this concession must also follow any administrative requirement set by the service provider for their area.</p> <p>Residents who choose to take advantage of this concession are not permitted to also use a bucket or watering can or another approved watering device for the watering of the garden areas.</p> <p>Where a resident chooses to take advantage of this concession, no other resident at the same premises is then permitted to use a bucket or watering can or another approved watering device for the watering of the garden areas at that premises.</p>
<p>2.2 Residential and Non-Residential Premises</p> <p>Newly established gardens and lawns.</p>	<p>For such premises, water from the reticulated (town) supply system is not permitted to be used for the watering of newly established gardens and lawns except where the watering is by hand held hose and where the watering occurs within the following hours:</p> <ul style="list-style-type: none"> a) for 1 hour only on the day of establishment; and b) for 1 hour daily (between 4.00 am and 7.00 am or between 4.00 pm and 7.00 pm) for 14 days (including Mondays) after the date of establishment (receipt of installation or purchase required).

3. Pools and Water Play

Restrictions on Residential Water Use

Category of Water Use	Water Restriction
<p>3.1 Residential Premises</p> <p>New swimming pools and spas and renovated swimming pools and spas.</p>	<p>After 10 April 2007, for such premises, water from the reticulated (town) supply system² is not permitted to be used:</p> <ul style="list-style-type: none"> a) for the filling or partial filling of a new swimming pool or a new spa (including for a construction purpose); or b) for the filling or partial filling of a renovated swimming pool or spa (including for a construction purpose), <p>except where:</p> <ul style="list-style-type: none"> i) the resident has entered into a written contract for the construction or renovation of the swimming pool or spa on the premises before 10 April 2007; or ii) the written approval of the service provider responsible for the relevant local government area has been obtained. <p>Written approval under sub paragraph (ii) may only be given in circumstances where the service provider is satisfied, after considering the Swimming Pool and Spa Filling Exemption Criteria, that the physical characteristics of the premises prevent filling from a source of water supply other than the reticulated (town) supply system.</p>
<p>3.2 Residential Premises</p> <p>Existing swimming pools and spas.</p>	<p>Prior to 1 July 2007</p> <p>For such premises, water from the reticulated (town) supply system is not permitted to be used for the topping up of swimming pools and spas except where the topping up occurs within the following times:</p> <p>For ODD numbered premises: Tuesday, Thursday and Saturday between 4:00 pm and 7:00 pm.</p> <p>For EVEN numbered and unnumbered premises: Wednesday, Friday and Sunday between 4:00 pm and 7:00 pm.</p> <p style="text-align: right;">(continued...)</p>

² The reticulated (town) supply system of the service providers who are subject to these Restrictions.

Category of Water Use	Water Restriction
<p>3.2 Residential Premises</p> <p>Existing swimming pools and spas.</p> <p>(Continued)</p>	<p>After 1 July 2007</p> <p>For such premises, water from the reticulated (town) supply system is not permitted to be used for the topping up of swimming pools and spas except where the topping up occurs within the following times:</p> <p>For ODD numbered premises: Tuesday, Thursday and Saturday between 4:00 pm and 7:00 pm.</p> <p>For EVEN numbered and unnumbered premises: Wednesday, Friday and Sunday between 4:00 pm and 7:00 pm.</p> <p>AND only if in relation to the premises on which the swimming pool or spa is located, it can be demonstrated that:</p> <ul style="list-style-type: none"> a) the premises has a rainwater tank installed or a downpipe rainwater diverter installed and connected to the relevant swimming pool or spa; and b) all available water is used from the rainwater tank or downpipe rainwater diverter for topping up the swimming pool or spa before any water from the reticulated (town) water supply system is used for that purpose; and c) the premises also complies with three of the following four measures being: <ul style="list-style-type: none"> A) a swimming pool or spa cover is used to cover the swimming pool or spa when the swimming pool or spa is not in use; or B) all showerheads on the premises are water efficient showerheads and all kitchen basin taps and bathroom basin taps on the premises are water efficient taps; or C) all toilets on the premises are water efficient toilets; or D) only water efficient washing machines are used on the premises. <p>When topping up a swimming pool or spa in accordance with this Restriction it is not required that the hose be held by hand.</p> <p>Compliance with this Restriction may be demonstrated by:</p> <ul style="list-style-type: none"> i) producing a certificate from a licensed plumber certifying that the premises is fitted with the required number of water efficiency measures; or ii) producing a statutory declaration which declares that the premises is fully compliant with all the terms of this Restriction. <p>Notwithstanding the above there is nothing in this restriction that affects the right of the resident to provide to an authorised person of a service provider access to inspect the premises to ensure that they are compliant with all the terms of this Restriction.</p>

Category of Water Use	Water Restriction
<p>3.3 Residential Premises</p> <p>Water play pools and water toys.</p>	<p>For such premises, water from the reticulated (town) supply system is not permitted to be used for water play pools and water toys.</p>
<p>3.4 Residential Premises</p> <p>Outdoor showers.</p>	<p>For such premises, water from the reticulated (town) supply system is not permitted to be used for the operation of an outdoor shower.</p>

Restrictions on Non-Residential Water Use

Category of Water Use	Water Restriction
<p>3.5 Non-Residential Premises</p> <p>Public water play facilities.</p>	<p>For such premises, water from the reticulated (town) supply system is not permitted to be used to operate or top up a public water play facility that does not recirculate water.</p> <p>Water from the reticulated (town) supply system is not permitted to be used to top up or fill a public water play facility that recirculates water except where the written approval of the service provider for the relevant local government area has been obtained.</p>
<p>3.6 Non-Residential Premises</p> <p>Public swimming pools.</p>	<p>For such premises, water from the reticulated (town) supply system is not permitted to be used for the operation or topping up of a public swimming pool that does not recirculate water.</p> <p>For such premises, water from the reticulated (town) supply system is not permitted to be used to top up or fill a public swimming pool that recirculates water except where:</p> <ol style="list-style-type: none"> a) the water is used in accordance with a WEMP that has been submitted to the service provider responsible for the relevant local government area for approval; or b) the service provider has, after considering the Evaluation Criteria, granted written approval to the entity operating the premises to: <ol style="list-style-type: none"> A) submit a WEMP after 31 March 2007; or B) comply with a specific measure in this Restriction by a specific date that is after 31 March 2007; or c) the water is used on the premises in accordance with an approved WEMP or an approved water efficiency management plan. <p>The requirements of this Restriction apply to premises that are within Restrictions 1.2 and 1.3. Compliance with Restrictions 1.2 and 1.3 does not in any way reduce the obligation to fully comply with the requirements of this Restriction.</p>

Category of Water Use	Water Restriction
3.7 Non-Residential Premises Outdoor showers.	For such premises, water from the reticulated (town) supply system is not permitted to be used for outdoor showers other than safety showers.

4. Vehicle Washing

Restrictions on Residential and Non-Residential water use

Category of Water Use	Water Restriction
<p>4.1 Residential and Non-Residential Premises</p> <p>Washing of vehicles by a person other than a Mobile Commercial Operator.</p>	<p>For such premises, water from the reticulated (town) supply system is not permitted to be used to wash a vehicle (including a boat or a caravan) by a person other than a Mobile Commercial Operator except:</p> <ul style="list-style-type: none"> a) where the water is used from a bucket filled directly from a tap to: <ul style="list-style-type: none"> A) clean only vehicle mirrors, vehicle lights, glass and number plates to maintain safe operation and satisfy number plate visibility requirements; or B) clean such other parts of a vehicle as required to comply with statutory or regulatory obligations; or C) spot clean the body of a vehicle to remove potentially paint damaging marks; or b) to flush an inboard or outboard motor or vehicle brakes to prevent corrosion and maintain safe operation.
<p>4.2 Residential and Non-Residential Premises</p> <p>Washing of vehicles (other than in a fixed permanent commercial location) by a Mobile Commercial Operator.</p>	<p>From 31 May 2007, for such premises, other than premises to which Restriction 4.5 applies, water from the reticulated (town) supply system is not permitted to be used to wash a vehicle (including a boat or a caravan) except where the washing is undertaken by a Mobile Commercial Operator in accordance with the Vehicle Washing Best Practice Guidelines.</p>
<p>4.3 Residential and Non-Residential Premises</p> <p>Washing of rental and chauffeured vehicles.</p>	<p>For such premises, water from the reticulated (town) supply system is not permitted to be used for washing vehicles (including boats and caravans) except where the washing is:</p> <ul style="list-style-type: none"> a) required to flush inboard and outboard motors or vehicle brakes to prevent corrosion and maintain safe operation; or b) required to spot clean the body of a vehicle to remove potentially paint damaging marks; or c) required to prepare the vehicle for its designated use where: <ul style="list-style-type: none"> A) the vehicle is washed using water from a bucket filled directly from a tap; or B) the vehicle is washed in accordance with the Vehicle Washing Best Practice Guidelines.

Category of Water Use	Water Restriction
<p>4.4 Non-Residential Premises</p> <p>Vehicle washing in a fixed permanent commercial location (including vehicle service centres, permanent bay car wash/self serve car wash and automatic car washing machines).</p>	<p>From 10 April 2007 up to 31 July 2007, on such premises water from the reticulated (town) supply system is not permitted to be used for the washing of vehicles in fixed permanent commercial locations (including vehicle service centres, permanent bay car wash/self serve car wash and automatic car washing machines) except where:</p> <ul style="list-style-type: none"> a) the washing is conducted in accordance with the Vehicle Washing Best Practice Guidelines and if a service provider approved sign is displayed on the premises; or b) the washing is conducted in accordance with an approved WEMP or an approved water efficiency management plan and if a service provider approved sign is displayed on the premises. <p>After 31 July 2007, on such premises water from the reticulated (town) supply system is not permitted to be used for the washing of vehicles in fixed permanent commercial locations except where the vehicle washing is conducted in accordance with the Vehicle Washing Best Practice Guidelines and if a service provider approved sign is displayed on the premises.</p> <p>The requirements in this Restriction apply to premises that are within Restrictions 1.2 and 1.3. Compliance with Restrictions 1.2 and 1.3 does not in any way reduce the obligation to fully comply with the requirements of this Restriction.</p>
<p>4.5 Non-Residential Premises</p> <p>Motor vehicle dealerships.</p>	<p>For such premises, water from the reticulated (town) supply system is not permitted to be used for washing vehicles (including boats and caravans) except where the washing is:</p> <ul style="list-style-type: none"> a) required to flush inboard and outboard motors or vehicle brakes to prevent corrosion and maintain safe operation; or b) conducted on Tuesday between the hours of 8:00 am and 10:00 am where: <ul style="list-style-type: none"> A) the vehicle is washed using water from a bucket filled directly from a tap; or B) the vehicle is washed by a high pressure water cleaning unit; or c) required to spot clean the body of a vehicle to remove potentially paint damaging marks; or d) required for the purpose of the dealer preparing a vehicle for immediate delivery to a purchaser where: <ul style="list-style-type: none"> A) the vehicle is washed using water from a bucket filled directly from a tap; or B) the vehicle is washed in accordance with the Vehicle Washing Best Practice Guidelines.

5. General Cleaning

Restrictions on Residential and Non-Residential water use

Category of Water Use	Water Restriction
5.1 Residential and Non-Residential Premises General outdoor cleaning of materials and equipment.	For such premises, water from the reticulated (town) supply system is not permitted to be used for general outdoor cleaning except to prevent or otherwise address a material health or safety risk using either a bucket filled directly from a tap or a high pressure water cleaning unit or a hand held hose.

6. Building Washing

Restrictions on Residential and Non-Residential water use

Category of Water Use	Water Restriction
<p>6.1 Residential and Non-Residential Premises</p> <p>Washing or other application of water to the external surfaces of a building or paved surfaces.</p>	<p>For such premises, water from the reticulated (town) supply system is not permitted to be used to wash or otherwise apply water to external surfaces of a building or to paved surfaces except for the purposes of:</p> <ul style="list-style-type: none"> a) pre-painting preparation activities; or b) pre-sale preparation activities on one occasion in a twelve month period; or c) complying with the provisions of a tenancy agreement or lease which require the external surface of a building to be cleaned at the expiry or termination of the tenancy or lease; or d) cleaning the external windows and glass areas of a building; or e) maintaining, on one occasion in a twelve month period, the external surfaces of a building (other than a roof area); or f) maintaining, on one occasion in a thirty-six month period, the external roof area of a building; or g) washing part of the external roof area of a building as part of the process of repointing or repairing the roof of the building; <p>using a bucket filled directly from a tap or a high pressure water cleaning unit.</p> <p>After 31 May 2007, a Mobile Commercial Operator is not to wash or otherwise apply water from the reticulated (town) supply system to the external surfaces of a building or paved surfaces except:</p> <ul style="list-style-type: none"> i) for the purposes and on the occasions set out in paragraphs (a) - (g) of this Restriction; and ii) in accordance with the External Building Washing (Mobile Operator) Best Practice Guidelines.

7. Animal and Pet Care

Restrictions on Residential and Non-Residential water use

Category of Water Use	Water Restriction
<p>7.1 Residential and Non-Residential Premises</p> <p>Animal husbandry.</p>	<p>For such premises, water from the reticulated (town) supply system is not permitted to be used for animal husbandry purposes except where it can be demonstrated:</p> <ul style="list-style-type: none"> a) that: <ul style="list-style-type: none"> A) if a rainwater storage facility is not installed on the premises by 10 April 2007, such a facility will be installed on the premises by 31 December 2007; and B) all available water from a rainwater storage facility installed on the premises will be used for animal husbandry purposes before any water from the reticulated (town) water supply system is used for those purposes; and b) the water is used for animal welfare and survival purposes including for: <ul style="list-style-type: none"> A) the provision of drinking water; or B) washing the animals, provided that if a hose is used for this purpose, only a hand held hose is used; or C) cleaning of animal pens and enclosures with a high pressure water cleaning unit.
<p>7.2 Residential and Non-Residential Premises</p> <p>Care of pets.</p>	<p>For such premises, water from the reticulated (town) supply system is not permitted to be used for pet care purposes except where the water is used for pet welfare and survival purposes including activities such as:</p> <ul style="list-style-type: none"> a) the provision of drinking water; or b) washing a pet, provided that if a hose is used for this purpose, only a hand held hose is used; or c) cleaning pet pens and enclosures with a high pressure water cleaning unit. <p>After 31 May 2007, where a commercial operator or a Mobile Commercial Operator is engaged to wash a pet or clean pet pens and enclosures, water from the reticulated (town) supply system is not permitted to be used except in accordance with the Pet Washing Best Practice Guidelines.</p>

8. Building, Construction and Development

Restrictions on Residential and Non-Residential water use

Category of Water Use	Water Restriction
<p>8.1 Residential and Non-Residential Premises</p> <p>Building construction.</p>	<p>For such premises, water from the reticulated (town) supply system is not permitted to be used for building construction purposes except using a bucket filled directly from a tap or a high pressure water cleaning unit or a hand held hose and the construction site is attended at all times when water is being used on the site.</p>
<p>8.2 Residential and Non-Residential Premises</p> <p>Installation and maintenance of irrigation systems</p>	<p>For such premises, water from the reticulated (town) supply system is not permitted to be used in installation and maintenance of irrigation systems except where the irrigation system is being tested at the time of installation by a qualified installer for the minimum period required to test the irrigation system.³</p>

Restrictions on Non-Residential water use

Category of Water Use	Water Restriction
<p>8.3 Non-Residential Premises</p> <p>Land development, subdivisional activities, State and Local Government roads and associated roadwork activities.</p>	<p>For such premises, water from the reticulated (town) supply system is not permitted to be used for activities associated with land development and subdivisional activities (including dust suppression, earthworks, road and service construction, landscaping, slope stabilisation or erosion control) and State or Local Government roads and associated roadwork activity except where the written approval of the service provider responsible for the relevant local government area has been obtained.</p> <p>The written approval of the service provider may be in the form of a relevant public notice that has been issued by the service provider responsible for the local government area.</p>

³ Water for maintenance testing of an irrigation system must no longer to be sourced from the reticulated (town) supply system.

9. Active Playing Surfaces (Sport, Recreation and Child Care)

Restrictions on Residential and Non-Residential water use

Category of Water Use	Water Restriction
<p>9.1 Non-Residential Premises</p> <p>Active playing surfaces.</p>	<p>WEMP lodged by 30 April 2007</p> <p>Where a WEMP has been submitted to the service provider responsible for the relevant local government area for approval by 30 April 2007, water from the reticulated (town) supply system is not permitted to be used during the period 10 April 2007 to 31 May 2007 for the watering of active playing surfaces except where the watering is conducted in accordance with the terms of the submitted WEMP.</p> <p>WEMP not lodged by 30 April 2007</p> <p>Where a WEMP has not been submitted to the service provider responsible for the relevant local government area for approval by 30 April 2007, water from the reticulated (town) supply system is not permitted to be used during the period 10 April 2007 to 31 May 2007 for the watering of active playing surfaces except where:</p> <ul style="list-style-type: none"> i) the watering is conducted in accordance with the Active Playing Surface Guidelines; or ii) otherwise on the active playing surface: <ul style="list-style-type: none"> A) the watering is performed by way of hand held hose or sprinkler; and B) the watering is conducted between the hours of 8:00 pm on Tuesday and 4:00 am on Wednesday; and C) the watering is necessary to allow competitive sport and / or maintain the ability of the active playing surface to be used for it's intended purpose. <p>After 31 May 2007</p> <p>After 31 May 2007, on such premises, water from the reticulated (town) supply system is not permitted to be used for the watering of active playing surfaces except where:</p> <ul style="list-style-type: none"> 1) the watering is conducted in accordance with a WEMP that has been approved by the service provider responsible for the relevant local government area by 31 May 2007; or 2) if a WEMP has not been so approved, the watering is in accordance with the Active Playing Surface Guidelines; <p style="text-align: right;">(continued...)</p>

Category of Water Use	Water Restriction
<p>9.1 Non-Residential Premises</p> <p>Active playing surfaces.</p> <p>(Continued)</p>	<p>and in either case the customer must:</p> <ul style="list-style-type: none"> A) by 31 May 2007 register the active playing surface with the relevant provider under that service provider’s registration system; B) install a water meter by 31 May 2007; C) operate the installed water meter in accordance with the Active Playing Surface Guidelines; D) display a service provider approved sign on the premises; and E) otherwise comply with any other reasonable directions of the service provider. <p>The requirements in this Restriction apply to premises that are within the Restrictions 1.2 and 1.3. Compliance with Restrictions 1.2 and 1.3 does not in any way reduce the obligation to fully comply with the requirements of this Restriction.</p>

10. Commercial Produce and Production

Restrictions on Residential and Non-Residential water use

Category of Water Use	Water Restriction
<p>10.1 Residential and Non-Residential Premises</p> <p>Nurseries, turf farms and market gardens.</p>	<p>On such premises water from the reticulated (town) supply system is not permitted to be used for watering commercial stock and production areas except where:</p> <ul style="list-style-type: none"> a) the watering is conducted in accordance with a WEMP that has been submitted to the service provider responsible for the relevant local government area for approval and where a sign notifying submission of the WEMP is displayed on the premises; or b) the watering is conducted in accordance with an approved WEMP or an approved water efficiency management plan and where a service provider approved sign is displayed on the premises. <p>The requirements in this Restriction apply to Non-Residential Premises that are within Restrictions 1.2 and 1.3. Compliance with Restrictions 1.2 and 1.3 does not in any way reduce the obligation to fully comply with the requirements of this Restriction.</p>

II. Building Water Use Efficiencies

Restrictions on Residential and Non-Residential water use

Category of Water Use	Water Restriction
<p>II.1 Non-Residential Premises</p> <p>Kitchen / bathroom / laundry and ablution.</p>	<p>After 30 June 2007, on such premises with:</p> <ul style="list-style-type: none"> a) an actual annual metered water consumption of 1 ML or greater for the period 1 July 2005 to 30 June 2006; or b) an actual annual metered water consumption of 1 ML or greater based on the most recent four quarterly rating periods or, the last 12 month rating period (as applicable); or c) the estimated annual consumption for the premises based on an extrapolation of the water consumption as set out in the available quarterly rating periods that is 1 ML or greater; <p>the water from the reticulated (town) supply system is not permitted to be used for bathroom, laundry, ablution or kitchen fittings except where:</p> <ul style="list-style-type: none"> i) in relation to the premises it can be demonstrated that the internal water fittings on the premises comply with the following water efficiency standards being: <ul style="list-style-type: none"> A) all the taps are water efficient taps; and B) all the showerheads are water efficient showerheads; and C) all the trigger sprays are water efficient trigger sprays; or ii) a Part 1A WEMP has been submitted to the service provider responsible for the relevant local government area by 31 March 2007 and the service provider has, after considering the Evaluation Criteria, then granted written approval for the premises to comply with a measure in this Restriction by a specific date that is after 30 June 2007; or iii) the water is used on the premises in accordance with an approved WEMP or an approved water efficiency management plan. <p>The water efficiency flow rates for taps, showerheads and trigger sprays under this Restriction may be achieved by pressure control on systems or through the use of individual fitting controls.</p> <p style="text-align: right;">(continued...)</p>

Category of Water Use	Water Restriction
<p>11.1 Non-Residential Premises</p> <p>Kitchen / bathroom / laundry and ablution.</p> <p>(Continued)</p>	<p>The requirements in this Restriction apply to premises that are within Restrictions 1.2 and 1.3. Compliance with Restrictions 1.2 and 1.3 does not in any way reduce the obligation to fully comply with the requirements of this Restriction.</p> <p>This Restriction does not prevent the maintenance of a minimal number of non water efficient fittings to allow the continued use of specialist equipment that needs higher flows or pressures to enable the delivery of appropriate operational, commercial or safety outcomes.</p> <p>Compliance with this Restriction may be demonstrated by:</p> <ol style="list-style-type: none"> 1) producing a certificate from a licensed plumber certifying that the premises is fitted with the required number of water efficient taps, showerheads and trigger sprays; or 2) producing an approved WEMP, an approved water efficiency management plan or a Part IA WEMP and evidence to show that all specified work has been completed; or 3) producing a statutory declaration which declares that the premises is fully compliant with all the terms of this Restriction.
<p>11.2 Non-Residential Premises</p> <p>Urinal systems.</p>	<p>After 30 September 2007 on such premises, water from the reticulated (town) supply system is not permitted to be used for urinals except where:</p> <ol style="list-style-type: none"> a) the urinal systems are water efficient urinal systems; or b) a Part IB WEMP was submitted to the service provider responsible for the relevant local government area by 31 July 2007 and the service provider has, after considering the Evaluation Criteria, then granted written approval for the premises to comply with a measure in this Restriction by a specific date that is after 30 September 2007. <p>Compliance with this Restriction may be demonstrated by:</p> <ol style="list-style-type: none"> i) producing a certificate from a licensed plumber certifying that the premises is fitted with water efficient urinal systems; or ii) producing a Part IB WEMP and evidence to show that all specified work has been completed; or iii) producing a statutory declaration that the premises is fully compliant with all the terms of this Restriction. <p>The requirements in this Restriction apply to premises that are within Restrictions 1.2 and 1.3. Compliance with Restrictions 1.2 and 1.3 does not in any way reduce the obligation to fully comply with the requirements of this Restriction.</p>

Category of Water Use	Water Restriction
<p>11.3 Non-Residential Premises</p> <p>Cooling towers.</p>	<p>After 30 April 2007, on such premises, water from the reticulated (town) supply system is not permitted to be used within cooling towers except where:</p> <ul style="list-style-type: none"> a) the water is used on the premises in accordance with a WEMP that has, prior to 30 April 2007, been submitted to the service provider responsible for the relevant local government area for approval; or b) the service provider has after considering the Evaluation Criteria granted written approval to the entity operating the premises to: <ul style="list-style-type: none"> A) submit a WEMP after 30 April 2007; or B) to comply with a specific measure in this Restriction by a specific date that is after 30 April 2007; or c) the water is used on the premises in accordance with an approved WEMP or an approved water efficiency management plan. <p>The requirements in this Restriction apply to premises that are within Restrictions 1.2 and 1.3. Compliance with Restrictions 1.2 and 1.3 does not in any way reduce the obligation to fully comply with the requirements of this Restriction.</p>

12. Parks and Reserves

Restrictions on Non-Residential water use

Category of Water Use	Water Restriction
12.1 Non-Residential Premises Road reserves, Local, State and Commonwealth government reserves and Council parks.	For such premises, water from the reticulated (town) supply system is not permitted to be used for the watering of road reserves, Local, State and Commonwealth government reserves and Council parks unless the activity is allowed under Restriction 8.3.

13. Water Features and Water Storage

Restrictions on Residential and Non-Residential water use

Category of Water Use	Water Restriction
<p>13.1 Residential and Non-Residential Premises</p> <p>Fountains and ponds.</p>	<p>For such premises, water from the reticulated (town) supply system is not permitted to be used for the filling or the topping up of fountains or ponds.</p>
<p>13.2 Residential and Non-Residential Premises</p> <p>Fish ponds, frog ponds or outdoor aquariums</p>	<p>For such premises, water from the reticulated (town) supply system is not permitted to be used for the filling or the topping up of fish ponds, frog ponds or outdoor aquariums except where the water is used from a bucket filled directly from a tap.</p>

Restrictions on Non-Residential water use

Category of Water Use	Water Restriction
<p>13.3 Non-Residential Premises</p> <p>Lakes, dams and other water storage facilities.</p>	<p>For such premises, water from the reticulated (town) supply system is not permitted to be used for the topping up or the filling of lakes, dams and other water storage facilities.</p> <p>This Restriction does not apply to potable water from the reticulated (town) supply system that is used for washing or cleaning purposes which is then collected in detention ponds.</p>

SCHEDULE 2

Unless a contrary intention appears, definitions used in the Act apply to the interpretation of this Commission Water Restriction:

Act means the *Water Act 2000* as in force from time to time.

active playing surface means:

- a) a turf cricket wicket and practising wickets;
- b) a grass running or race track;
- c) a bicycle race course;
- d) a green (that is, croquet, bowling or golf);
- e) a golf tee off area;
- f) a tennis court;
- g) a synthetic hockey pitch or synthetic bowling green;
- h) any other principal part of a sportsground used during a sport game or competition, but does not include the surrounding grassed surface of a sporting oval or a golf fairway; or
- i) designated soft fall and grassed play areas in registered child care centres.

Active Playing Surface Guidelines means the best practice guidelines for active playing surfaces of sportsgrounds, published from time to time by the Commission.

animal husbandry means the keeping of animals, birds or poultry (whether domesticated or livestock) for raising or breeding on premises that have more than five pens, kennels or other enclosures or more than two stalls or where the occupier of the premises derives annual gross revenue of \$5,000 or greater from the activity.

approved watering device means the following devices filled directly from a tap or approved watering device during the times specified in Restrictions 2.1 and 2.3 for the particular premises:

- a) a bucket or watering can; or
- b) a drip watering device gravity-fed from a container with a capacity of 2 litres or less.

approved water efficiency management plan means a water efficiency management plan approved under chapter 2A, part 5, division 3 of the *Water Act 2000*.

bucket means a bucket and other similar vessels with a volume capacity of 20 litres or less.

building construction means all forms of building construction including the construction of driveways and pathways, concrete, masonry and general building activities which is undertaken on a commercial or non commercial basis and includes painting and the preparation for painting/re-surfacing but does not include garden watering.

caravan park means caravan, mobile, non mobile home sites and individual caravans, mobile and non mobile homes and all common areas and communal facilities located within the premises other than:

- a) a manufactured home placed on a site within the premises pursuant to a site agreement within the meaning of the *Manufactured Homes (Residential Parks) Act 2003* that is connected to separate water metering facilities; or
- b) a caravan that is not owned by the caravan park owner/operator and is placed on a site within the premises that is connected to separate water metering facilities.

care of pets means the care of animals kept as pets (other than animal husbandry).

chauffeured vehicle means a vehicle hired with a driver for a special purpose including a wedding car, limousine or other luxury vehicle.

Commission means the Queensland Water Commission as established and constituted from time to time under the Act.

cooling tower means a system located on Non-Residential Premises to cool water (by water evaporation) using it as a coolant for a building air conditioning system.

Council means a local government established under the *Local Government Act 1993*.

customer includes a new customer of a service provider from time to time.

downpipe rainwater diverter means a device designed to divert rainwater as required from a downpipe fitted to a gutter to an outlet capable of attaching to a hose or stormwater pipe.

Evaluation Criteria means in the context of setting an alternate submission date for a WEMP, or the review of an implementation date for a measure contained in a Restriction set out in this Commission Water Restriction (where the service provider has a discretion to vary such a date), the following criteria being:

- a) The extent of the immediate financial impact of compliance with this Commission Water Restriction on the entity owning or operating a particular affected premises;
- b) The ability of such an entity to access information or the external resources that are reasonably necessary or required to undertake the action or measure;
- c) The past actions of the entity in respect of the particular premises in achieving water efficiencies prior to the commencement of this Commission Water Restriction;
- d) The actions that have been taken by the entity in respect of the particular premises to comply with this Commission Water Restriction; and
- e) Whether the alternate dates proposed by the entity to undertake the action or measure are reasonable in all the circumstances.

External Building Washing (Mobile Operator) Best Practice Guidelines means the best practice guidelines for washing external surfaces of a building or paved surfaces by a Mobile Commercial Operator, published from time to time by the Commission.

external surfaces of a building means:

- a) the external walls of a building;
- b) the external roof areas of a building;
- c) the external windows and glass areas of a building; and
- d) any external patio, courtyard, veranda, deck or similar external areas of a building (whether or not such areas are covered by a roof).

fountain means any indoor or outdoor ornamental fountain/water feature.

garden means any ground used for the cultivation of, or in which there are situated trees, shrubs, flowers, plants, vegetables, or vegetation of any kind including plants in pots or tubs and excluding lawn.

hand held hose means a hose fitted with a trigger nozzle or twist action nozzle that is held by hand when it is used, including a high pressure water cleaning unit.

heritage garden means a garden that is heritage listed or nominated by a Council or other relevant body.

high pressure water cleaning unit means a machine that operates a pump to increase the pressure of the water delivered from a trigger nozzle forming part of the machine.

lawn means an expanse of grass-covered land that is usually associated with a garden, but does not include active playing surfaces.

licensed plumber means a plumber appropriately licensed under the *Plumbing and Drainage Act 2002*.

Local Government road means a road over which local government has control under the *Local Government Act 1993*.

Local, State and Commonwealth government reserves means land under government custodianship reserved for public benefit purposes.

manufactured home means a structure, other than a caravan or tent that has the character of a dwelling house that is designed to be able to be moved from one position to another and is not permanently attached to land within the meaning of the *Manufactured Homes (Residential Parks) Act 2003*.

market garden means an area used for the production of vegetables, flowers, fruit or other produce on a basis reasonably considered to be on a commercial scale where the annual gross revenue derived from the operation is greater than \$5,000 or where the area under cultivation is greater than 400 square metres.

ML Megalitre means million (1,000,000) litres of water drawn from reticulated (town) supply system. This equates to 1,000 kilolitres (kL).

Mobile Commercial Operator means a person or entity conducting a business which is primarily focused on delivering the relevant service contemplated in the particular Restriction and where:

- a) the service is delivered for a fee or reward on a commercial basis;
- b) the business has an Australian Business Number; and
- c) the business is registered, the operator is trained and the business otherwise operates in accordance with relevant guidelines as may be published from time to time by or on behalf of the Commission.

Non-Residential Premises means premises that are not residential premises including business premises, industrial premises, factory premises, commercial office premises, Commonwealth, State and Local government premises, hotels, private training centres, nursing homes, hostels, public and private hospitals, caravan parks, Retirement Villages, churches and convents, halls and show grounds, neighbourhood centres, shopping centres, sporting clubs, medical and dental clinics, transport depots, nurseries, market gardens, turf farms, farms, education facilities (including universities, State and private schools), conference centres, childcare centres, kindergartens, parks and gardens of significance (as determined by a Council), heritage gardens and sportsgrounds, public beaches and the common property of a community title scheme under the *Body Corporate and Community Management Act 1997* or under the *Building Units and Group Titles Act 1980*.

nursery means an area used for the production of plants on a basis reasonably considered to be on a commercial scale where the annual gross revenue derived from the operation is greater than \$5,000 or where the area under cultivation is greater than 100 square metres.

outdoor shower means any shower that is not affixed in an internal area within a building on a Residential Premises or Non-Residential Premises.

parks and gardens of significance means a park or a garden which is identified as significant by a Council.

paved surfaces means areas such as streets, paths, driveways, patios, courtyards, verandas, decks or similar areas with surface areas of bitumen, concrete, rock, timber, masonry, metal or other hard material.

Pet Washing Best Practice Guidelines means the best practice guidelines for washing pets by a Mobile Commercial Operator, published from time to time by the Commission.

pond means an artificially formed small body of water used for ornamental purposes but does not include a swimming pool, fish pond, frog pond or outdoor aquarium.

pre-painting preparation activities means the cleaning of the external surfaces of a Residential Premises or Non-Residential Premises or paved surfaces no more than 20 days prior to painting.

pre-sale preparation activities means the cleaning of the external surfaces of a Residential Premises or Non-Residential Premises or paved surfaces for the intended sale of the premises for example if a contract for listing the premises has been signed by the owner.

public swimming pool means a swimming pool which is managed by a Council, tertiary education institution or other commercial operator but does not include a swimming pool located within a school, hotel or motel.

rainwater storage facility means either a dam or rainwater tank or a combination of both with a combined minimum capacity of 5000 litres

rainwater tank means a covered tank with a minimum capacity of 1000 litres designed and installed specifically for the purpose of collecting rainwater from a building and any stand or other structure that supports the tank.

renovated swimming pool or spa means a swimming pool or spa that has been emptied to at least 75% of its normal capacity for the purposes of undertaking repairs to the pool or spa.

Residential Premises means a house (single dwelling), townhouse, unit, block of flats, boarding house or any other form of permanent residential accommodation but does not include nursing homes, caravan parks, hostels or Retirement Villages.

reticulated (town) supply system means a system of water distribution infrastructure operated by a service provider delivering potable (drinking quality) water to premises in the local government area of the service provider, directly to the premises through the distribution system or indirectly to the premises in a drum tanker or other container that exceeds 20L capacity containing water that has been sourced from the reticulated supply system; the system also includes a rainwater tank which contains any water sourced from the reticulated water supply system including rainwater tanks employing a trickle top-up system. However, the system does not include a rainwater tank that is connected to a house via an automatic switching valve as shown in figure 2, Guidelines for Queensland Development Code Part 25; Water Savings Targets where stored rainwater is sourced directly from an outlet from a tank or upstream from the automatic switching valve.

Retirement Village means premises that are subject to a retirement village scheme under the *Retirement Villages Act 1999* other than a lot included in a community titles scheme within the meaning of the *Body Corporate and Community Management Act 1997* or the *Building Units and Group Titles Act 1980*.

safety shower means a shower in Non-Residential Premises designed and installed specifically for emergency wash down purposes (for example, burns or chemical spills).

service provider means any of the following entities:

- Beaudesert Shire Council;
- Brisbane City Council;
- Caboolture Shire Council;
- Council of the Shire of Esk;
- Gatton Shire Council;
- Gold Coast City Council;
- Ipswich City Council;
- Kilcoy Shire Council;
- Laidley Shire Council;
- Logan City Council;
- Pine Rivers Shire Council; and
- Redcliffe City Council.

service provider approved sign means a sign that complies with the standard signage issued by the relevant service provider and displays the appropriate permit or approval number if a permit or approval number has been issued as part of the approval process put in place by the service provider.

spa means a small pool or facility through which aerated water is pumped and which is primarily used for recreation. The term includes a mobile or portable spa but excludes a spa that is installed in a bathroom.

sportsground means any land used or adapted for use for the purpose of any sport, game, contest or any other form of recreation by any public authority, business, company, trust, club, school, institution, or like organisation.

State Government Road means a state controlled road within the meaning of the *Transport Infrastructure Act 1994*.

swimming pool means a pool located on residential premises that is permanently attached to a filter system.

Swimming Pool and Spa Filling Exemption Criteria means the criteria that are to be applied when determining whether written approval may be given under Restriction 3.1 for the use of water from the reticulated (town) supply system to be used for the filling of swimming pools or spas. The criteria include whether the water is needed because of:

- a) a physical inability to connect a hose or pipe from a truck or alternative water source to the swimming pool or spa to be filled; or
- b) a requirement to fill the swimming pool or spa to a level that is necessary to avoid the risk of structural damage in the course of construction where the filling cannot be delayed until an alternate source is obtained provided that only the minimum amount of water needed to avoid the risk is used.

swimming pool or spa cover means:

- a) if purchased prior to 4 December 2006, a cover which floats or is attached to the sides of the pool, is designed specifically for the purpose of reducing evaporation from a pool or spa and which is not more than 30 cm above the water surface; or
- b) if purchased from 4 December 2006 a cover that has at least a 400 micron thickness (400 thousandths of a millimetre) and which is approved as a pool cover under the *Smart Approved WaterMark Scheme*.

trigger nozzle or twist action nozzle means a nozzle, controlled by a trigger, button, twist action or similar mechanism which must be controlled by hand for the water to flow.

turf farm means an area of 1,000 square metres or greater used for the production of turf that would reasonably be considered to be on a commercial scale.

unattended watering device means any watering device which is not attended by a person, including, but not restricted to sprinklers, in ground and above ground irrigation systems and soaker hoses; and does not include an approved watering device.

vehicle means a conveyance that is designed to be propelled or drawn by any means and includes a motor vehicle, motorbike, trailer, caravan, boat or aircraft whether registered for use on roads or not.

Vehicle Washing Best Practice Guidelines means the best practice guidelines for washing of vehicles, published from time to time by the Commission.

water efficient showerhead means a showerhead that has a 3 star rating or better under the Australian Water Efficiency Labelling and Standards Scheme or a showerhead that has a maximum flow rate of 9 litres per minute.

water efficient tap means a tap that has a 3 star rating or better under the Australian Water Efficiency Labelling and Standards Scheme or a tap that has a maximum flow rate of 9 litres per minute.

water efficient toilet means for new dwellings a toilet that has a 3 Star rating (6/3 L) or better under the Australian Water Efficiency Labelling and Standards Scheme or, for an existing dwelling it means a toilet that has a 1 Star rating (9/4.5 L) or better under the Australian Water Efficiency Labelling and Standards Scheme.

water efficient trigger spray means a trigger spray that has a 3 star rating or better under the Australian Water Efficiency Labelling and Standards Scheme or a trigger spray that has a maximum flow rate of 7.7 litres per minute.

water efficient urinal systems means:

- a) a combination of a urinal and a urinal control flushing mechanism that is:
 - A) rated four star or better under the Australian Water Efficiency Labelling and Standards Scheme; or
 - B) flushing of no more than 1.5 litres per stall or 600 mm width of continuous wall initiated automatically or triggered by user presence or urinal usage with the ability to delay flush initiation by time or triggers; or
 - C) flushing of no more than 1.5 litres per stall or 600 mm width of continuous wall which is activated by cord, chain, button or other control; or
- b) a urinal system that is operated with a maximum daily water use of 10 litres per stall or 600 mm of continuous wall.

water efficient washing machine means a washing machine that :

- a) if purchased prior to 4 December 2006,
 - A) is a front loading washing machine; or
 - B) has water consumption corresponding to a 4 Star or better as described in AS6400: 2005, Annex E, Table E1, Clothes washing machines water consumption by star rating; or
- b) if purchased after 4 December 2006, is a washing machine that has a 4 Star rating or better under the Australian Water Efficiency Labelling and Standards Scheme.

watering can means a watering can or other similar vessel with a volume capacity of 20 litres or less.

water play facilities means facilities in non-commercial or public places where water sprays, pools and other water features are used predominantly for recreation and children's play activities.

water play pool means a play pool that is not a swimming pool.

water toy means any toy that is operated by running water supplied by a hose.

Water Use Assessment Form means a report that is to be completed and submitted by the occupier of premises which, sets out details of water usage in a form that may be specified by the relevant water service provider and which may include information regarding the following:

- a) average number of occupants using water on the premises in the period specified by the water service provider;
- b) number of taps and fittings within the premises and whether these are water efficient taps, water efficient showerheads and water efficient toilets;
- c) number of water using appliances used on the premises and whether these appliances are water efficient;
- d) (details of any swimming pool or spa on the premises;
- e) details of any animal husbandry activities undertaken on the premises;
- f) size and usage on any rainwater tank(s) installed on the premises; and
- g) details of the use of water for other regularly undertaken activities including the watering of gardens and pot plants.

WEMP means a Water Efficiency Management Plan:

- a) prepared in accordance with WEMP Guidelines published from time to time by the Commission;
- b) which the relevant service provider has not declined to approve;
- c) is capable of third party certification;
- d) contains details of how either a water consumption reduction of 25% or best practice water efficiency is being achieved, or will be achieved within a nominated time for the types of water uses on the premises; and
- e) contains an outline of the quantity of water savings that will be achieved and the program timelines for achieving these water savings.

WEMP Guidelines means Guidelines issued from time to time by the Commission and which deal with issues relating to WEMPs including:

- a) approval processes for a WEMP;
- b) the review and monitoring of a WEMP;
- c) the level of commitment by an organisation to comply with a WEMP;
- d) the making of amendments to a WEMP; and
- e) the timeframes for implementation of a WEMP.
