Good afternoon Helen and Michael

My sincere apologies for this response. I am not sure which officer Project Services called, and I regret the rather bureaucratic response provided. I would ask that if Project Services has any further questions on this matter, they contact me direct on the numbers below.

We would recommend Mr Adam Toms, a qualified arborist used as an expert witness by Council. His number is 3855 2855 or 0412 763 594.

Once again, please accept my apologies for the earlier advice. Please contact me if you need any further information.

Regards

Toni Averay
